

R.V. Fibre

**HDPE/PP
SPIRAL
TANKS**

Manufacturer & Supplier

Manufacturing an excellent quality range of HDPE/PP Spiral Storage Tanks, HDPE/PP vessels, HDPE/PP Scrubber system, PPFRP Blower, FRP Tanks, HDPE/PP Pickling Tanks, Brick lining, Rubber lining, All types of Air Pollution equipments.

Manufacturing at Ahmedabad

HDPE SPIRAL TANKS

We develop an international variety of HDPE SPIRAL storage Tanks for chemical storage. We manufacture spiral storage tanks capacity of 1,00000 KL in HDPE & PP. We are the only Indian Company who design these tanks as per the RITA Software (Rochling Integrated Tank Building Assistant, Germany).

R.V. Fibre Offers a premium quality & Variety of HDPE/PP Spiral tanks. We have 20+ years of experience. All these tanks are available in vertical, horizontal, Conical bottom, Square and Rectangular shapes. Each tank is fabricated by World class welding Technology. These Tanks are Specially Designed for high Temperature Application (-40°C to $+80^{\circ}\text{C}$)

Temperature	-40°C to $+80^{\circ}\text{C}$
Capacity	500 L to 100000 L
Diameter	300mm to 4500mm
Lenght	Up to 6000mm
Dia in mm	300, 350, 460, 500, 560, 600, 700, 800, 900, 1000, 1200, 1400, 1500, 1600, 1750, 1840, 1900, 2000, 2100, 2200, 2400, 2550, 2700, 2850, 3000, 3300, 3600, 4000, 4300, 4500

PP SPIRAL TANKS

We develop an international variety of PP SPIRAL storage Tanks for chemical storage. We manufacture spiral storage tanks capacity of 1,00000 KL in HDPE & PP. We are the only Indian Company who design these tanks as per the RITA Software (Rochling Integrated Tank Building Assistant, Germany).

R.V. Fibre Offers a premium quality & Variety of PP Spiral tanks. We have 20+ years of experience. All these tanks are available in vertical, horizontal, Conical bottom, Square and Rectangular shapes. Each tank is fabricated by World class welding Technology. These Tanks are Specially Designed for high Temperature Application (-40°C to $+110^{\circ}\text{C}$)

Temperature	-40°C to $+110^{\circ}\text{C}$	Available in standard & customized size	Tanks use for storage, Reaction, Transportation

HDPE & PPFRP SCRUBBER & VENTURY SYSTEM

We Supply good quality of HDPE scrubber/PPFRP scrubber & ventury system. Our pollution control equipment is useful for scrubbing SO_2 , NO_2 , Amonia & Hcl gases.

P.P F.R.P. BLOWER

P.P FRP Blower are specially designed for chemical plants to handle highly corrosive gases & fumes.

Material	P.P FRP, HDPE.FRP, PP Blowers
Impeller size	12", 15", 18", 21", 24"
Motor size	1HP to 10 HP

HDPE/PP PICKLING TANKS

RV Fibre offers a wide range of HDPE/PP Pickling tanks with MS structure. We are leading manufacturer & supplier of HDPE/PP Pickling tanks with MS structure. Each tanks is fabricated by means of imported welding gun.

AGITATOR (HDPE/PP STIRRER LINING)

RV Fibre Manufactures and supplier of industrial stirrers.

HDPE/PP PIPE & FITTINGS

BRICK LINING

We are offering wide range of anti corrosive lining such as Brick, Tile, Rubber lining, F.R.P. lining, HDPE/PP Lining etc.

FRP TANKS

Tanks for Storage, Reaction, Transportation RV Fibre construct a variety of FRP tanks as per the requirements storage for Acid Alkalis, Solvents and seawater
